

Tahajjud Ka Waqt: Last Third of the Night

Night = Maghrib to Fajr. Divide by 3. The last third is the best time.

Step	Example: Lahore, October	Your city
Maghrib today	5:40 PM	
Fajr tomorrow	4:40 AM	
Length of night	11 h 00 min	
One third	3 h 40 min	
Last third begins	1:00 AM	

Pray 2 to 12 rakats in pairs after sleeping, then witr. Even 2 rakats before Fajr count.
